SUBJECT: LITHUANIA AGREES WITH USG ON UN RAPE RESOLUTION

REF: SECSTATE 155063

We delivered reftel points to Darius Staniulis, Head of the MFA's Human Rights and NGOs Division, on November 15. He agreed with all reftel points. He said the GOL agrees that the resolution should not be amended. He added that if the resolution were substantially changed the GOL, in a move that would likely be coordinated in advance with EU member states and the U.S., might be forced to remove itself as a cosponsor of the resolution.
